

The 15th Annual
INSTITUTE OF MATHEMATICS PEDAGOGY

will take place at the
Ripon-Cuddesdon College
Cuddesdon, Oxfordshire OX44 9EX

from *Tuesday* July 28th to *Friday* July 31st 2015

The Institute will be led by **Anne Watson, Malcolm Swan** and **John Mason** and will consist of work on mathematics, readings, reflections and discussions about teaching and learning mathematics.

There will be a full programme from 2pm on the 28th until lunchtime on the 31st, including evening activities.

This year's theme is:

Representing and Discerning Structural Relationships

We shall explore ways in which learner attention can be directed to structural relationships by means of sequencing, layout and other means.

There will be no papers or formal presentations; the group will work together intensively and creatively with issues and ideas to develop thinking and practice. See *Mathematics Teaching* 191; 194; 232 for some insight into how the Institute operates.

The fee will be £350 which includes accommodation during the Institute, all meals and other refreshments, materials and so on.

Non resident fee is £175. A limited number of bursaries may be available.

We shall need a non-returnable £50 deposit to hold a place (if your institution is paying, then the full fee would be appreciated).
